STAND BY YOUR MAN

Intro: G   C   G   D

```
G                                      D
   Sometimes it's hard to be a woman
Am                D              G      G7
   Givin' all your love to just one man
C
   You'll have bad times
G                  E
   And he'll have good times
A                              D
   Doin' things that you don't understand
```

```
G                                      D
   But if you love him you'll forgive him
Am                D              G      G7
   Even though he's hard to understand
C
   And if you love him
G         C
   Oh, be part of him
G         D              G   C   G   D
   Cos after all he's just a man
```

```
G                H7
  Stand by your man
C
  Give him two arms to cling to
G                    E
  And something warm to come to
A                D
  When nights are cold - and lonely

G                H7
  Stand by your man
C
  And show the world you love him
G            D              H7(2)
  Keep givin' all the love you can
C        D        G   C   G   D
  Stand by your man

G                H7
  Stand by your man
C
  And show the world you love him
G            D              H7(2)Break
  Keep givin' all the love you can
C        D        G   C   G
  Stand by your man
